Are you looking for a design element that can enhance the style of your home? While windows serve a functional purpose in homes, they can also be decorative aspects of a dwelling. Custom-shaped windows give homes of any design a distinct aesthetic that cannot be found anywhere else. ***Whether you're looking to design your own custom-shaped window or simply to replace a custom window you already have, you came to the right place.*** There is no limit to the shape of the windows we can create or replace for your home!

If you are looking for a window company with a reputation for top quality, customizable window products, and unparalleled service, contact us at Advanced Window Products.

## What Are Custom-Shaped Windows?

Our custom-shaped windows are designed and created according to the specifications provided by our customers. ***These non-traditional windows can be used to focus natural light to any part of your home.*** Whether you are looking for windows with a bold and innovative design or windows that offer just a slight alternative to the traditional square or rectangular style, we can help you. ***Our custom-shaped windows also include a variety of additional design options, such as color, material, window style and type of finish.***

We manufacture windows in shapes that include, but are not limited to:

---

- Half or full oval
- Eyebrow
- Cathedral
- Equilateral triangle
- Irregular triangle
- Gothic
- Trapezoid
- Half circle
- Hexagon
- Equilateral pentagon
- Left or right pentagon
- Ellipse
- Quarter arch
- Quarter circle

## Benefits of Our Custom-Shaped Windows

---

Custom-shaped windows can provide an array of benefits for the interior and exterior of your home.

**Energy Efficiency.** We use LoE-366 glass, a glass produced by Cardinal Glass Industries, for all of our window products. With its design of multiple coats of silver, *this glass is able to make your customized window energy efficient throughout the*

**year**, allowing you to save money on your monthly utility expenses.

**Versatility.** Your options are limitless when it comes to the shape and style of the windows you want for your home. ***The infinite design options allow you to create a space that is uniquely yours*** and that is accentuated from inside the home as a point of interest as well as from the outside where your home's curb appeal will stand apart from the others.

**Durability.** Our custom-shaped windows are constructed specifically for your home using only the highest quality materials to ensure long-lasting products. ***When used as stationary or non-operable windows, the lack of moving component eliminates the wear that movable windows may sustain.***
