## Signs of Needing Window Replacement

---

Here are just a few signs that you need to take action and replace your windows:

- Your windows don't close properly.
- You notice drafts coming through the frame.
- Your utility bills have gone up.

- Your home in Layton is historical and needs to be preserved.
- You've recently experienced a dangerous storm.
- Your windows are more than 15 years old.
- Your home has gone up in value and you want to capitalize on renovations.

If any of these reasons apply, it might be time to contact a [window replacement specialist](#) at Advanced Window Products.

## Why Choose Us in Utah?

---

We have been working with residents of the state for more than 25 years, and we stand by every service we provide. We deal directly with our customers, bypassing the middleman entirely. We make, distribute, and install windows, and we pass those savings straight to our customers. By controlling the supply chain, we save homeowners and business owners both upfront and down the line with lower utility bills. Plus, we offer a double lifetime warranty and 0% financing. Whatever your budget and needs are, we're here to work with you.

## Choose the Best Replacement Windows in Utah

---

We know Layton Utah inside and out. From your Covenants, Conditions, and Restrictions (CC&Rs) to your annual forecast, we use our inside knowledge to start building personalized advice based on your property. When you insist on high-grade materials for energy efficient vinyl windows, you can control everything from your

comfort to your insulation. Regardless of which window line you select, our standard is double-strength LoE366 glass. This is our top pick for exceptional durability, noise reduction, and energy performance.

If you're ready to replace your windows, we're here to chat. We'd love to start the discussion at 801-505-9622. Or come by to see us at our showroom in downtown SLC to learn more about how we can help. In addition to pointing you to the best line for you, we can also let you know if you qualify for tax credits or local rebates. Energy Star offers a number of ways to bring down the costs of your window replacement.
