Signs of Window Replacement

Windows are communicative of the overall status of your home, and you want to be on the lookout for the following signs:

1. Warped or broken windows especially when weather elements take a toll after decades of use.
2. Drafty windows may be jerking up your electric bill
3. Remodeling or renovating your home ahead of market listing
4. After weathering out a severe storm or hurricane
5. Historical homes in Bluffdale that are in need of preservation

Any of the above scenarios necessitate contacting a window replacement specialist like Advanced Window Products.
