## The Benefits of Our Vinyl Windows

---

There are several benefits to replacing your old windows with our custom made and fitted vinyl windows.

- The multi-chambered frame provides increased durability and strength
- Airtight fit
- More viewable space means more sunlight in the room
- The LoE<sup>3</sup>-366 coating provides the perfect balance between sunlight and visibility
- One side of the window is removable, making it easier to clean
- Helps to keep your rooms cool in the summer and warm in the winter

## Chose the Right Window for Your Family

---

It won't always be a broken window that causes you to replace your windows. You may have other issues you need to address. Our versatile, reasonably priced products and services offer you solutions to a range of issues.

- **Energy Efficiency:** Your heating or cooling bill may be higher than you'd like. The problem may be your windows. A government study notes that 25-30% of the heat gain or loss comes from your old windows. Our custom-fitted vinyl windows will help reduce heat loss or gain. The high-grade coating and fitted double-layers stabilize the amount of energy passing through the windows.
- **A New Appearance for Your Home:** Whether you're sprucing things up for a sale or you simply want to change things up, installing new vinyl windows can meet your needs. You may choose a clean, single hung window or a sleek, single slide window. You have a choice of colors in white or almond. We will custom fit our windows to your existing specifications.

## Window Replacement Company Serving Sandy, Utah

---

We've worked hard to develop our status as the top window company. We've been serving the people of Sandy, Utah for decades and have earned an "A" rating with the Better Business Bureau. Not only do we do business locally, we give back to the community that has given us so much over the years by supporting charities like the Make a Wish Foundation and Habitat for Humanity

However, we also install patio doors, sliding glass doors and pet doors. These products offer the same quality as our vinyl windows. Give us a call, contact us by phone or stop by and find out how we can help with your window replacement project
